

SUPPORT YOUR BODY TO HEAL ITSELF

At LED Quantum Light Therapy, our goal is to improve well-being and quality of life through a highly effective method that is simple and stress-free.

TOTAL RELAXATION

Our spa-like environment is inviting, fosters healing, and addresses whole wellness by soothing the senses. Our non-invasive approach is painless:

- No drugs
- No needles
- No lasers
- No side-effects

Recover, relief, transform... LET THE LIGHT IN

THE SCIENCE

A BRIEF HISTORY

In 1998, the Nobel Prize was awarded to three scientists who identified 23 essential things that nitric oxide does for the human body – including that of blocking pain. LED's infrared photo energy has been shown to dilate blood vessels and allow for increased circulation essential for wound healing.
